

Referral System

Sharing Your Referral Code (Referrer)

Open the ISEKAI ZERO app and navigate to Profile ? My Referrals. Locate your unique referral code displayed on the screen.

Method 1: Copy Code

- Tap Copy to save it to your clipboard
- Paste and share the code via messages, emails, or social media

Method 2: Share Directly

- Tap Share to send the code directly to your friend

Method 3: Share Link (Automatic)

- Share your unique referral link
- When your friend visits the link and registers, the referral code is automatically applied
- No need to manually enter the code

Important: Your friend must enter the code within 24 hours of creating their account

2. Applying a Referral Code (New User)

- Create your new ISEKAI ZERO account.
- Within 24 hours of signup, open Profile ? My Referrals
- Enter the referral code you received from your Referrer.
- Tap Submit to apply the code successfully.

Note: Referral codes can only be applied once and cannot be changed after submission.

3. Tracking Your Referrals

- Navigate to Profile ? My Referral to view your referral dashboard.
- View total Referees List - the number of users who have used your code.

4. Referral Rules & Regulation

- Only **new** accounts are eligible to apply a referral code.
- Referral codes must be entered within **24 hours** of account creation.
- Self-referrals are not permitted.
- Each new user can only apply **one** referral code - once applied, it cannot be modified.

5. Referral Rewards

For Referrers (Person Who Shares Code)

- Referrers receive 5% profit of their referees' Arcane Credit chat messages usage as referral earnings.
- You'll receive a one-time reward of 50 Arcane Credits for each paying referee you refer.
- This applies to every referee successfully linked to your account.

For Referees (New Users)

- Referees receive 15 Mana Credits + 5 Arcane Credits when they successfully apply a referral code.
- Credits are added immediately after code submission.

How It Works

- Your referee uses Arcane credits on the platform.
- The system automatically calculates 5% of that Arcane usage.
- Your Referral Earnings are calculated daily at 00:00 GMT+8.
- 6 months earning period - earn 5% of your referee's Arcane usage for 6 months from the date they refer.
- Unlimited referees - refer as many new users as you want; each referee earns you 5% of their usage.
- Continuous rewards - the more active your referees are during the 6 months earning period, the more you earn.

***100 Arcane = 1 USD**

Example

100 Arcane = 1 USD

- Your referee used 500 Arcane yesterday.
- You receive 25 (5% of 500) Arcane worth of earning credited to your Referral Earnings.
- You earned USD \$0.25.

Important

- The 6 months earning period starts from the date your referee successfully applies your referral code.
 - Each referee has their own individual 6 months earning period.
 - After the 6 months period expires for a specific referee, you will no longer earn from their Arcane usage
 - Example:
 - Referee claims your code on 1st of January, 2025
 - You earn 5% of their usage until 31st June, 2025
-
